LIFE "Meet a partner" data base by CRO NCP

Dear LIFE project applicants,

The Croatian National Contact Point (NCP), affiliated with the Ministry of Environment and Energy, has developed this questionnaire in order to support and promote international cooperation, participation and project development within the framework of Programme LIFE.

Whether you would like to present your project idea or you are looking for a project to join, please complete and submit the form below.

For any further enquiries or comments, please contact us at life@mzoip.hr.

Looking forward to our future collaboration!

Find your partner for LIFE?

As a potential LIFE project beneficiary, you may profit from cooperation with partners outside your country. The transnational character of a project is a positive feature that will enhance the EU added value of your proposal, as long as it is in line with its scope. But how do you find (potential) partners relevant to your project idea?

The LIFE programme has identified some existing platforms you may find useful:

Partner search tools

Partner search tools

EEN (The European Enterprise Network) targets SMEs

<http://een.ec.europa.eu/>

EEN Search page

The EEN helps small and medium-sized enterprises (SMEs) make the most of business opportunities in the EU and beyond. It covers 17 key sectors that can be relevant to LIFE.

CORDIS: Research

<http://cordis.europa.eu/>

<https://cordis.europa.eu/partners/web/guest>

CORDIS is the Research and Technological Development (RTD) platform of the EU, including several online databases and partner search

CaRE: Climate action, environment, resource efficiency and raw materials

<http://partnersearch.ncps-care.eu/>

The National Contact Points CARE for H2020 has a partnering tool that supports potential applicants to the Horizon 2020 Work programme of the Societal Challenge 5 "Climate action, environment, resource efficiency and raw materials" in finding partners and building a consortium for a project proposal

H2020 Energy

<http://www.partnersearch.c-energy2020.eu/>

Dedicated partner search tool for HORIZON 2020 - WP - Part 10. Secure, clean and efficient energy & Euratom

Social media

Via social media you can connect to thousands of potential partners. Following specific groups organised by programme/ thematic area makes it even easier to forge links with like-minded organisations. Use your existing profile (or create one, if you don't have one) and join the groups that interest you:

LIFE National Contact Points

In each Member State there is a National Contact Point (and often several regional contact points) to help you with your application. The National Contact Points can point you in the direction of local partners. Here is the list of NCPs:
